

Body-Mind Activation: The Science of Energies and Information

Looking at Life differently >> Finding new answers for puzzling questions

NES-Biophysics scan [Information]

Nutri-Energetics Systems NES-Professional: This is a biophysics scan of the human body-field and computerized comparison of the person's information-processing capabilities to the ideal. This guides prescription of "Infoceuticals" that return functional integrity to the body-field. Many health benefits of both body and mind have been reported after treating the human body-field.

NES represents the synthesis of the latest research and discoveries in quantum physics and biology, biophotonism, advanced mathematics and information technology. Inventors Peter Fraser and Harry Massey have made impressive progress in furthering our understanding of the human body-field and how it regulates information within the physical body. --Harry Massey

Complements a healthy Lifestyle and Integrative Homeopathy to remove distortive energies.

For more information see our website and www.NutriEnergetics.com.

Fee: NES Body-field Scan and Infoceutical prescription -- \$300. Follow-up (approx. monthly): \$275. [Time: 1 hour]

Homeopathy. [Energy]

Integrative Homeopathy: $E = mc^2$. This program incorporates referrals for supportive treatments (such as dental mercury removal, detoxification, nutrition, structural manipulation, allergy elimination and more). A key factor in this program is use of homeopathic remedies to cancel the distortive energies known as Chronic Miasms and Chthonic Diseases that act as obstacles to healthy function of the body-field and the physical body and mind. Also, the tried and true classical homeopathic principles guide sequential treatment of "layers" of illness and stress accumulated during the lifetime. The homeopathic literature tells of success with conditions such as cancers, chronic illness, epidemics, flu, depression, dementia, vaccine injury, recently Autism, ADHD, and more.

Along with NES "Infoceuticals" and Lifestyle, this complements the other treatments available at NIHA.

For more information see our website and www.IntegrativeHomeopathy.com.

Fee: Integrative Homeopathy Consultation -- \$285. Follow-up (approx. monthly): \$80. [Time: 1-1/2 hours]

Lifestyle. [Body-Mind Activity]

A Lifestyle of Healing: This includes assessments of your ANS (Autonomic Nervous System), body type, and personality type. Therapeutic Education teaches how to include healthy diet and exercise, respect for your own inborn abilities for self-healing and ways to use Focus and Relaxation as part of your healing program. Resources for life-long learning are included.

Based on sciences of neurochemistry, heavy metal/chemical detox, Ayurveda, Traditional Chinese Medicine, homeopathy and iridology and also is respectful of individual spiritual, religious or world-view preference.

Individualized: Includes Heart Rate Variability test, Meridian Energy Analysis Device (MEAD), Iridology, diet and exercise information, breathing and mind-body focus/relaxation techniques.

An important support while using NES "Infoceuticals" and Homeopathy, and other services at NIHA in general.

For more information see our website

Fee: Lifestyle Consultation -- \$185 [1 hr]
Follow-up counseling as needed -- \$65 [1 hr]
