2. Dedicated practitioners who want to know more about the mind-body connection.
- RSVP:** To reserve space contact Dr. Wilson [202-320-8665; e: DrWilson@NIHAdc.com].
- NOTE:** **Building is LOCKED Sundays, so please call beforehand so we can arrange entry.**

Intensive training in Autonomic biofeedback to assist individual Family Constellation Work.

This workshop has been developed in response to the requests of practitioners who have trained in Family Constellation Work. This workshop gives you the ability to provide clients a deep experience of the dynamics seen in a large group session, but requires only the facilitator and the client. This work comes out of an understanding of Systemic Family Dynamics as taught by Bert Hellinger and the Autonomic Response Testing of Dietrich Klinghardt, M.D., Ph.D.

- **Review of Hellinger’s Systemic Family Dynamics, and modifying it for one-on-one sessions**
- **Autonomic biofeedback technique and its application to guide the facilitator to work more effectively in one-on-one sessions.**
- **Hands-on practice**

Dr. Mark McClure is a founder of National Integrated Health Associates as well as being Provost of Capital University of Integrative Medicine. He is a long-time promoter of Biological Dentistry and Integrative Medicine. He has trained extensively with Dietrich Klinghardt and is an instructor in Autonomic Response Testing, Neural Therapy and APN/PK.
